DE BAUN & COMPANY

*Nurserymen,
Landscape Architects
and Planters*

1927

WYCKOFF,

NEW JERSEY

*I*N this catalog of our nursery products we have departed from the general form of our previous catalogs. We endeavor here to present to you our evergreens in an interesting and readable form, avoiding long lists of varieties.

You will find in the following pages pictures of plantings for the modest cottage and for the more pretentious residence. We have drawn diagrams to go with these pictures showing the plants used and the prices of the plants. By this method we believe you will be able to plan your own planting.

Should you wish it, we will be glad to have our representative call on you and make suggestions, and where necessary we are willing to draw a sketch for a planting.

We would be glad to have you call at our nursery and look over our nursery stock. You will find here carefully grown plants of the better sorts, specially selected to meet the requirements of soil and climate in this section of the country.

Inclosed with this catalog is a postal which is of value to you. We hope you will use it.

DE BAUN & CO.

Terms

NEW ACCOUNTS: Cash with order or satisfactory references. All bills due 30 days from date of invoice.

C. O. D. orders must be accompanied with a deposit.

SPECIAL SELECTION: Stock specially selected at nursery will be charged at prices to fit the value of stock selected. The prices in this catalog cover the average good grade as they run in the nursery row.

GUARANTEE: All nursery stock purchased from and planted by DeBaun & Co. will be replaced if it dies within one year after planting, provided the customer will give the stock reasonable care. Additional charge is made for planting and guarantee.

Location

Our nurseries are located at Wyckoff, N. J.

15 miles from New York (Dyckman st. ferry).

7 miles from Paterson, N. J.

3 miles from Ridgewood, N. J.

On N. Y. S. & W. R. R. (Erie).

Buses from Paterson pass within a few blocks of our nursery.

On Goffle Highway, Paterson-Midland Park-Oakland (see town map on last cover).

**Herald Tribune Model Home
Phelps Manor, Teaneck, N. J.**

**Built by William H. Pritchard & Sons
Landscaped by DeBaun & Co.**

Above is a picture of the Herald Tribune Model Home at Phelps Manor, Teaneck, N. J.

This home is the last word in convenience of arrangement and contains every improvement and accessory for the comfort of its owner. The materials and workmanship are the best obtainable.

It was erected by William H. Pritchard & Sons of 65 Elm Ave., Bogota.

The landscaping of this home was awarded to us by Mr. Pritchard and we feel that the planting as shown in the picture is ideal for this residence.

Plan
No.

1.	3 American Arborvitae, 3 ft.....	\$10.50
2.	2 Golden Cypress, 2-3 ft.....	7.00
3.	1 Norway Spruce, 2-3 ft.....	3.50
4.	3 Globe Arborvitae, 15-18 in.....	7.50

6.	2 Spiny Greek Juniper, 15-18 in.....	7.00
7.	1 Blue Cypress, 16-18 in.....	2.50
8.	1 Plume-like Cypress, 18-24 in.....	2.50

Total for plants listed.....\$43.00

In this picture we show a modest planting for a type of home which is very frequently seen in our more built up sections. The plants shown will grow into more value each year and are selected for the positions indicated with special reference to their habits of growth.

Inclosed with this catalog is a postal which is of value to you, We hope you will use it,

Plan
No.

1.	2 Globe Arborvitae, 15-18 in.....	\$5.00
2.	2 Spiny Greek Juniper, 18 in.....	5.00
3.	2 Golden Cypress, 2-3 ft.....	7.00
4.	2 Plume-like Cypress, 18-24 in.....	5.00
5.	2 Blue Cypress, 18-24 in.....	5.00
2.	2 Juniper pfitzer, 18-24 in.....	7.00
7.	2 American Arborvitae, 3 ft.....	5.00
8.	2 Prostrate Juniper.....	5.00

Total for plants listed.....\$44.00

This planting was set out three years ago. The plants in the picture have grown considerably since that time. They should have been taken care of by trimming so that they would not grow into one another. It is still time to take care of them by shaping up with the shears. If they are allowed to go much longer without such care they will begin to show bare spots where they touch one another.

The planting, however, with this care is good and sets the entire home off. It ties the house to the ground and makes a pleasant picture on the whole.

Several special collections of Evergreens very reasonably priced are shown on page 12.

Plan
No.

1.	2 Blue Juniper, 3-4 ft.....	\$10.00
2.	2 Mugho Pine, 12-15 in.....	5.00
3.	4 Juniper pfitzer, 2 ft.....	14.00
4.	2 Norway Spruce, 3-4 ft.....	10.00
5.	1 Plume-like Cypress, 3 ft.....	5.00
6.	12 Barberry, 18-24 in.....	3.00
Total for plants listed.....		\$47.00

This planting was made three years ago. Here is an example of a comparatively large house which was planted modestly. The plants have grown well since planted out and in a very few more years will make a wonderful setting for the house.

The owner wanted to see the plants grow and set out plants of the smaller sizes.

Use the inclosed postal to get one dozen assorted roses at a special price.

Plan

12.	1 Vervaeke Arborvitae, 3 ft.....	4.00

Total for plants listed.....\$74.50

We show here a planting appropriate for the popular bungalow type of residence. The plants you will note are not of the high growing varieties and are kept trimmed in keeping with the type of house they are used for. This planting you will see gives an immediate finished effect.

A special offer of assorted native Rhododendrons and Mountain-laurel is made on page 14.

Plan
No.

1.	1 Pea-fruited Cypress, 8 ft.....	\$35.00
2.	1 Koster Blue Spruce, 7 ft.....	50.00

10.	1 Globe Arborvitae, 18-24 in.....	2.50
11.	1 Spiny Greek Juniper, 2 ft.....	3.50

Total for plants listed.....\$147.50

This picture was taken the same season the planting was set out. It is very appropriate for the building it decorates and in a couple seasons more will present a wonderful picture. It might be made more elaborate by the use of another Blue Spruce in place of the tall Pea-fruited Cypress, but on the whole, it is well laid out and fits its background.

**Special Collections of Flowering Shrubs
are listed on page 23.**

7.	24 Barberry, 18-24 in.	6.00

Total for plants listed.\$172.00

This shows a good planting two years after the plants were set out. It is well kept and frames the building most excellently. A planting like this is a joy forever. As the years roll around it increases in value and makes a perfect setting.

Vigoro

For the lawn that looks poorly we recommend the use of VIGORO in spring, summer or fall, to stimulate growth and restore the grass quickly to that velvety green carpet the lawn should have.

This fertilizer is odorless and contains no weed seed. It is particularly desirable for use on lawns and plants that need a stimulant.

Dimensions of ground	Rate of application per 100 square feet	Amount nec- essary for one application

Total for plants listed.....\$271.50

A very pretty planting. Two years after the planting was made. This beautiful home is set off with a beautiful planting in keeping with its English type of architecture. It is not often one has the pleasure of seeing so perfect a blend of residence and landscape architecture.

This home has a sunny exposure, as the homes pictured on the preceding pages also have. The plants have been selected with a view to their doing well in such an exposure. Should your home have a shady exposure we have plants which do well in the shade and we would be glad to have you consult us on the matter.

Evergreens

Evergreens aid materially in giving color to landscape in Winter, are useful for making windbreaks and hedges, and especially for screening unsightly objects from view. Water must be used abundantly until roots have taken hold and tops begin to show signs of growth.

ABIES. *Fir.*

Douglasi (Douglas Fir). One of the most desirable Firs, of excellent, quick growth, dull green foliage.

18-24 in.....	\$3.00	4-6 ft.....	\$15.00
2-3 ft.....	4.00	6-7 ft.....	20.00

PICEA. *Spruce*

Excelsa (Norway Spruce). A well known and well distributed evergreen of rapid growth; symmetrical form. Hardy everywhere. Invaluable for hedges and screening.

2-3 ft.....	\$3.00	3-4 ft.....	\$5.00
4-5 ft.....			\$8.00

Pungens glauca (Colorado Blue Spruce). This is a sport of the Colorado Spruce. Color light tint of blue. Very hardy and symmetrical.

1½-2 ft.....	\$5.00	3-4 ft.....	\$12.00
2-3 ft.....	8.00	4-5 ft.....	15.00

Specimens.....\$25.00 to \$35.00

Pungens kostariana (Kosters Blue Spruce). A strain of intense color and longer needles, preserved by grafting. This is by far the best of all Spruces. It is beautiful light blue in Summer, changing to a darker blue in Winter. It is unsurpassed. From 2 ft. up to 15 ft. high, which we sell at from \$10.00 up to \$150.00 each.

BIOTA

Orientalis elegantissima (Robinsons Golden Arborvitae). Of upright, torch-like form. Foliage golden in Summer, bronze in Winter.

18-24 in.....	\$3.50	2-3 ft.....	\$5.00
---------------	--------	-------------	--------

Orientalis nana aurea (Berkmans Arborvitae). A variety of recent introduction. Good form and habit. Dwarf.

8-10 in.....	\$1.50	10-12 in.....	\$2.50
12-15 in.....			\$3.50

JUNIPERUS. *Juniper*

Communis (Common Juniper). Our native prostrate or trailing Juniper, widely scattered over the temperate regions of America. Is of spreading, irregular form, growing in rocky and nearly sterile soil. Valuable for covering slopes.

15-18 in.....	\$2.50	18-24 in.....	\$3.00
2-2½ ft.....			\$3.50

JUNIPERUS—Continued

Communis aurea (Douglas Golden Juniper). Similar in habit and form to the preceding, but the foliage is beautifully tipped with golden color.

15-18 in.....\$2.50 18-24 in.....\$4.00

Prostrata (Prostrate Juniper). A creeping Juniper of many merits. Perfectly hardy and grows under almost any condition. Foliage dark green. Excellent for rockery.

15-18 in.....\$2.00 18-24 in.....\$3.00

2-2½ ft.....\$4.00

Excelsa stricta (Spiny Greek Juniper). One of the most hardy and useful Junipers. Its habit of growth is pyramidal, dense, and the foliage is of a bluish-gray color. Being a slow grower it can be used for small hedges and formal plantings.

12-15 in.....\$2.50 15-18 in.....\$3.50

18-24 in.....\$5.00

Sabina (Savin Juniper). A low, wide spreading, thickly-branched, evergreen shrub. Desirable for borders.

15-18 in.....\$2.00 18-24 in.....\$3.00

2-2½ ft.....\$4.00

Sinensis pfitzeriana. One of the most striking Junipers of recent production. Grows to a fair-sized plant with branches nearly horizontal, as broad as it is tall. In its class it certainly is the best of Junipers as it grows easily. It has a bluish tint and thrives in shady places.

15-18 in.....\$2.50 2-2½ ft.....\$5.00

18-24 in.....3.50 2½-3 ft.....8.00

Specimens.....\$25.00 each

Sinensis sargentii (Sargent Juniper). Prostrate Juniper with thick branchlets. Foliage grayish or bluish-green. Excellent for rock garden.

12-15 in.....\$2.00 15-18 in.....\$3.00

18-24 in.....\$5.00

Virginiana (Redcedar). Form tapering, symmetrical, color good at all times, but its bronzy appearance in Winter and Fall is very attractive.

2-3 ft.....\$2.50 3-4 ft.....\$3.50

4-5 ft.....\$5.00

Virginiana columnaris (Column Juniper). Undoubtedly the best of all upright Junipers. Vigorous grower. Extremely hardy.

1½-2 ft.....\$2.50 2-3 ft.....\$3.50

3-4 ft.....\$5.00

Virginiana elegantissima. A distinct and beautiful variety of the Redcedar, with golden bronze foliage particularly attractive in Winter, when the golden bronze of the young growth is contrasted with the dark green of the older.

18-24 in.....\$2.50 2-3 ft.....\$5.00

Virginiana glauca. The compact, conical form of this variety, coupled with its light, silvery foliage, makes it very distinct, and attractive. Like the Redcedar in all of its forms, it is of iron-clad hardness.

18-24 in.....\$2.50 2-3 ft.....\$3.50

3-4 ft.....\$6.00

PINUS. *Pine*

Austriaca (Austrian Pine). Well-known and valuable for its hardness and constant and intense green color.

1½-2 ft.....\$2.50 2-3 ft.....\$4.00

3-4 ft.....\$7.50

Mughus (Dwarf Mountain Pine). Of low and spreading growth.

15-18 in.....\$3.50 18-24 in.....\$5.00

Densiflora (Red Pine). A fine native species, rare and choice. Needles dark green, long, drooping and soft to the touch.

18-24 in.....\$2.50 2-3 ft.....\$4.00

Strobus (White Pine). The well-known American timber pine. Hardy and reliable on dry, upland soil.

3-4 ft.....\$7.50 4-5 ft.....\$10.00

Sylvestris (Scotch Pine). A rapid growing, handsome tree, especially when young. Good for windbreaks.

3-4 ft... ..\$7.50 4-5 ft.....\$10.00

RETINOSPORA. *Japan Cedar*

Pisifera (Pea-fruited Cypress). Fine, feathery foliage, branches bluish underneath. A beautiful evergreen.

15-18 in.....\$2.50	2-3 ft.....\$5.00
18-24 in..... 3.50	3-4 ft..... 8.00

Pisifera aurea (Golden Pea-fruited). Of loose and open habit, decidedly pendulous, color constant and good.

15-18 in.....\$2.50	2-3 ft.....\$5.00
18-24 in..... 3.50	3-4 ft..... 8.00

Plumosa (Plume-like Cypress). A most desirable evergreen of compact growth and delicate, bluish-green foliage.

12-15 in.....\$1.50	18-24 in.....\$3.00
15-18 in..... 2.00	2-3 ft..... 4.50
3-4 ft.....\$7.50	

Plumosa aurea (Golden Retinospora). Widely known and popular, and of great merit.

12-15 in.....\$1.50	18-24 in.....\$3.00
15-18 in..... 2.00	2-3 ft..... 4.50
3-4 ft.....\$7.50	

Plumosa squarrosa veitchi (Veitch's Cypress). Foliage of compact, tufted character, color steel-gray. Grows quite large and needs considerable shearing to keep in good shape.

12-15 in.....\$1.50	18-24 in.....\$3.00
15-18 in..... 2.00	2-3 ft..... 4.50
3-4 ft.....\$7.50	

TAXUS. *Yew*

Cuspidata (Japanese Yew). In habit resembling the English Yew, but perfectly hardy and will make an excellent plant. Spreading.

15-18 in.....\$3.50	18-24 in.....\$5.00
2-3 ft.....\$7.50	

Cuspidata brevifolia. From Japan and the hardiest of all Yews. Branches somewhat ascending, with dark green foliage.

15-18 in.....\$4.00	18-24 in.....\$6.00
2-2½ ft.....\$10.00	

Cuspidata capitata. This has the same foliage and color as cuspidata, and is equally hardy. Upright habit, which makes it one of the most valuable of evergreens.

18-24 in.....\$5.00	3-4 ft.....\$17.50
2-3 ft.....10.00	4-5 ft.....\$20.00 to 35.00

THUJA. *Arborvitae*

Occidentalis (American Arborvitae). A well-known and very valuable evergreen for screens, windbreaks and hedges.

15-18 in.....\$1.50	2-3 ft.....\$3.50
18-24 in..... 2.00	3-4 ft..... 5.00
4-5 ft.....\$7.50	

Occidentalis globosa (Globe Arborvitae). Globular form, foliage fine and delicate.

8-10 in.....\$1.50	12-15 in.....\$2.50
10-12 in..... 2.00	15-18 in..... 3.50

Occidentalis pyramidalis (Pyramidal Arborvitae). Of columnar shape, distinct light green, compact foliage.

2-3 ft.....\$3.00	3-4 ft.....\$5.00
4-5 ft.....\$8.00	

Occidentalis vervaeneana. Upright, pyramidal form of dense habit. Foliage handsomely variegated with yellow. Very hardy.

18-24 in.....\$2.50	2-3 ft.....\$4.00
3-4 ft.....\$6.00	

TSUGA. *Hemlock*

Canadensis (Hemlock Spruce). The well-known tree of our American forests. Growth loose and open, habit extremely graceful. Bears shearing well and makes an excellent evergreen hedge.

2-2½ ft.....\$3.00	3-3½ ft.....\$7.50
2½-3 ft..... 5.00	3½-4 ft..... 9.00

Collection No. 1.....\$15.00

We offer the following Special Evergreen Collections

Collection No. 1.—10 assorted evergreens, in sizes from 1 to 1½ ft., although small, suitable for the small house. The picture shows one-half of this collection set in front of home.....\$15.00

Collection No. 3.—10 assorted evergreens in sizes from 1½ to 3 ft.....\$25.00

Collection No. 3.....\$25.00

Collection No. 3-A.	} \$30.00
6 Evergreens, 1½ to 3 ft.....	
10 Flowering Shrubs, 2 to 3 ft.....	
4 Rhododendrons, 2 to 3 ft.....	

Collection No. 4.—10 assorted evergreens in sizes from 2 to 4 ft.....\$35.00

Collection No. 5.—10 assorted evergreens in sizes from 3 to 5 ft. This last collection is designed to give a good immediate effect.....\$50.00

We reserve the right to select varieties and material for these orders, giving you the benefit of our many years experience in beautifying some of the finest estates in this part of the country.

Collection No. 3-A.....\$30.00

A Planting of Rhododendrons

Hardy Broad-leaved Flowering Evergreens

A very desirable quality which most of these broad-leaved evergreens possess is a fondness for shady places, making them available for planting about houses and foundations, in shady corners or any other locations about the lawn where it is difficult to get other plant material to thrive because of the lack of sunlight.

A very important matter which must be remembered is that some of the varieties in this group grow naturally in the woods and are most successful when planted in groups or in locations where the ground covering the roots is not exposed to the direct rays of the sun, as the roots lie very close to the surface.

Hybrid Rhododendrons.

18-24 in. \$5.00 2-2½ ft. \$7.50

Rhododendron maximum.

18-24 in. \$2.00 2½-3 ft. \$4.00
2-2½ ft. 2.75 3-4 ft. 5.00

Larger specimen plants can be supplied in all sizes. Prices up to \$10.00, \$12.00 and \$15.00 each.

AZALEA amoena. From China. Very dwarf and bushy, foliage, which is abundant, becoming brownish bronze in Winter. Entirely covered in May with masses of small, dark red flowers.

10-12 in. \$1.75 each, \$15.00 per 10
12-15 in. 2.50 each, 24.00 per 10

hinodegiri. Bright scarlet-red. One of the most beautiful Azaleas. Profuse bloomer, foliage round and evergreen.

10-12 in. \$2.00 each, \$18.00 per 10
12-15 in. 3.50 each, 32.50 per 10

ANDROMEDA (Leucothoe) catesbaei. Long, recurving branches, ovate, lanceolate leaves of a rich green in Summer, turning bronze in Winter. Flowers white in early Spring. Especially useful in shaded places.

12-15 in. \$1.50 each, \$12.50 per 10
15-18 in. 2.50 each, 22.50 per 10

BUXUS sempervirens (Common Boxwood). This very popular tree needs no introduction. The glossy, aromatic foliage is always fresh and green, and because of this, it is widely used for formal gardens and tub specimens. In very exposed positions, it is best to give some protection in Winter.

Bush form, 8-12 in., slender. \$2.50 per 10, \$20.00 per 100
15 in., globe-shaped. \$5.00 each

COTONEASTER horizontalis. A peculiar, dwarf plant of trailing habit. Excellent for rockeries. Foliage very dark green and glossy. Bright red berries in Autumn and Winter.

Pot plants. \$1.00 to \$2.50 each

DAPHNE cneorum. A prostrate evergreen plant, with small pink, fragrant flowers in May. A plant native to Europe.

Pot plants. 50c. each
Clumps. \$1.50 each

Azaleas

KALMIA latifolia (Mountain-laurel). A magnificent plant, very much like the Rhododendron. Flower buds of a delicate pink, changing to white as they expand and with advancing age. Blooms all during June.

1½-2 ft.....	\$3.00 each, \$25.00 per 10
2-2½ ft.....	4.00 each, 35.00 per 10
2½-3 ft.....	5.00 each, 40.00 per 10

Extra fine specimens at prices up to \$10.00 each.

PACHYSANDRA terminalis (Japanese Spurge). An evergreen ground cover with attractive dark green leaves. Very valuable for planting in shady places, where grass fails to grow. When once established, it completely covers the ground.

Pot plants. 25c. each, \$2.00 per 10, \$18.00 per 100.

COLLECTION

We make a special offer of 10 Assorted Native Rhododendrons and Mountain-laurel, in sizes 1½ to 3 ft. for \$20.00.

AZALEA

For brilliant coloring and profusion of bloom, the Azaleas cannot be surpassed. When in bloom, the entire bush is one mass of color, varying in softness according to variety, from pure, soft solid tone to flaming tints of the mollis varieties. The most favorable conditions are semi-shade and moist. They appreciate any extra attention you may give them, particularly heavy mulching of leafmold or old well-rotted manure and will repay same with a wonderful floral display the following Spring.

Lutea calendulacea (Great Flame Azalea). Most brilliant orange-red flowering shrub yet known. Grows vigorously and bears its flowers in great clusters. Blooms in May.

1-1½ ft.....	\$1.50 each, \$12.50 per 10
1½-2 ft.....	2.25 each, 20.00 per 10
2-3 ft.....	3.50 each, 32.50 per 10

Mollis (Japanese Azalea). Quite hardy in this climate, although will do best when in a somewhat protected position. Excellent for semi-shady locations. Bears abundance of large, bright red, orange and yellow flowers.

10-12 in.....	\$1.50 each, \$12.50 per 10
12-15 in.....	2.00 each, 17.50 per 10
15-18 in.....	3.00 each

Nudiflora (Pinxterbloom). A native Azalea. Showy pink flowers in April and May.

1½-2 ft.....	\$1.50 each, \$12.50 per 10
2-2½ ft.....	1.75 each, 15.00 per 10
2½-3 ft.....	2.50 each, 22.50 per 10

Pontica (Hardy Ghent Azalea). A very good plant to use along with Rhododendrons. Grows rather tall. which makes it desirable for that purpose. Colors are orange, light red and yellow.

12-15 in.....	\$2.00 each, \$17.50 per 10
15-18 in.....	3.00 each, 25.00 per 10
18-24 in.....	4.00 each

Viscosa. Flowers white, tinged rose; fine for swampy ground. Blooms late June and July. Flowers attractively fragrant.

15-18 in.....	\$2.00 each, \$17.50 per 10
18-24 in.....	3.50 each, 30.00 per 10

Planting of Frau Karl Druschki Rose

Roses

Below we list some of the leading Hybrid Teas, Hybrid Perpetuals and Polyantha Roses (Baby Roses) we keep in stock. It is estimated that between 4,000 and 6,000 varieties are now, or at least have been in circulation, many of which have long been forgotten, because improved kinds have taken their place. Of these *better* varieties, we keep the best and from year to year add to this list those newcomers that have stood the test. Each of these can be seen at our nursery in bloom at the proper season. We advise to plant pot-grown Roses after May 1st until November 1st, as these plants have abundant roots and do not mind the transplanting. Our years of experience have taught us that Rose gardens can be laid out in Midsummer if such material is used.

All Roses, pot-grown, except where noted, \$1.00 each, \$9.00 per 10.

All Roses, field-grown, except where noted, 85c. each, \$8.00 per 10.

Betty. HT. Beautiful coppery, shaded rose, overspread with golden yellow. Flowers large and fragrant.

Columbia. One of the most popular of recently introduced Roses. Flowers are large and of a beautiful pink. Excellent cut flower as it makes long stems of which 12 in. below the flowers is thornless.

Crimson Queen. HT. Velvety-crimson.

Duchesse of Wellington. Saffron-yellow flowers, changing to lighter yellow. Not extra hardy.

Edith Cavell (Polyantha). New. Undoubtedly the finest red Polyantha Rose in existence. It is brilliant scarlet, overlaid with deep velvety crimson.

Etoile de France. HT. The big blooms are a soft, velvety crimson on the outer petals. The slightly raised center of the flower is a vivid shade of cerise.

Francis Scott Key. HT. Large rose, beautiful crimson-red color.

Frank W. Dunlop. Brilliant dark pink. Very fine.

Frau Karl Druschki. HP. A beautiful white Rose. The growth of the plant is strong and vigorous, and it bears blooms abundantly in June.

General Jacqueminot. The old favorite "Jack" Rose. The blooms are large, full and globular. In color they are brilliant scarlet-crimson.

George C. Waud. HT. Beautiful, free flowering bright red rose.

Gorgeous. HT. Orange-yellow, veined reddish-copper.

George Dickson. Tall grower, producing beautiful, large crimson Roses.

If you will use the postal card inclosed with this catalog in ordering, we will send you a collection of one dozen assorted Roses for \$7.50.

ROSES—Continued

- Grange Colomb.** HT. Beautiful, large, pointed buds, flowers double, creamy white, with somewhat salmon center.
- Gruss an Teplitz.** HT. One of the best garden Roses, giving many beautiful flowers over a long period. They are covered with blooms from early June until frost. Flowers are crimson-scarlet.
- Hadley.** HT. This Rose is often called "Queen of Rosedom." Has beautifully formed flowers of bright red color. This Rose is entitled to a place in everyone's garden.
- Indiana.** HT. A handsome Rose, blooming over a long period. Deep pink with orange. Large, well-formed flowers on strong, vigorous plants.
- Jonkheer J. L. Mock.** HT. A Rose we recommend to everybody. The bright, cherry-red on the outside of the broad petals, and the shining silvery white on the inside makes a double-colored bloom. Fine Autumn bloomer.
- Kaiserin Augusta Victoria.** Although an old sort, a general favorite with Rose lovers. The blooms are large and full. Color is soft, creamy-white, shading to delicate primrose at the center.
- Lady Alice Stanley.** HT. Coral-rose on outside of petals, pale flesh on the inside.
- Lady Ashtown.** HT. Beautiful carmine-pink, shading to yellow at the base of the petals.
- Lady Pirrie.** HT. Large, well-formed, reddish-salmon blooms.
- Los Angeles.** HT. A wonderful Rose of American origin. In color a luminous flame-pink, toned with coral and shaded with translucent gold at the base of the petals.
- Miss Cynthia Forde.** HT. Large, well-formed flowers, brilliant rose-pink, with lighter pink reflex.
- Mme. Butterfly.** HT. Pink, suffused apricot and gold.
- Mme. Edouard Herriot (Daily Mail) (Pernetiana).** The coral-red buds open to semi-double, medium-sized flowers of coral-red shaded with yellow and bright rosy-scarlet passing to red.
- Mme. Jules Bouche.** HT. Excellent white flowers shaded to light pink at center.
- Mme. Jules Grolez.** HT. Large, full flowers, perfect in form. Color is bright China-rose. Very free flowering.
- Mrs. George Shawyer.** HT. Beautifully formed, long, slender buds of brilliant rose. Vigorous and very free flowering.
- Mad. Caroline Testout.** HT. Well known variety. Beautiful carmine pink, shading to lighter pink at the base of petals.
- Mrs. A. R. Waddell.** HT. Tapering buds of yellowish copper opening to almost single-cupped blooms of bronze pink and apricot. Very free flowering.
- Mrs. Aaron Ward.** HT. Blooms until frost. The blooms are long and shapely, and open into cup-shaped flowers of deep Indian-yellow. A most desirable Rose.
- Mrs. Ambrose Ricardo.** HT. Deep yellow, overlaid brighter yellow, suffused flesh-pink. Blooms are of large size. A good, vigorous grower.
- Mrs. Calvin Coolidge.** New variety. Beautiful saffron-yellow. Rapid grower.
- Mrs. John Laing.** HP. A beautiful pink Rose. Grows very vigorous and produces flowers of immense size. Popular in every Rose garden.
- Ophelia.** HT. Really the best Rose of its color. Blooms are large in size and full in form. The color is light salmon-pink flesh, shading to yellow at base of petals. Blooms profusely all season and far into Autumn.
- Pharisaer.** HT. Flowers are full in form, large in size, elongated in shape and are produced in profusion. The color is rosy-white, shading to silvery-salmon in center.
- Pink Killarney.** HT. Free-flowering, but subject to mildew.
- Prince de Bulgarie.** Very large, full flowers. Color is silvery-flesh, shading to deeper flesh in center; also tinted.
- Queen of Fragrance.** HT. Very large and double. Beautifully shaped shell-pink blooms, silver tipped; very fragrant.

If you will use the postal card inclosed with this catalog in ordering, we will send you a collection of one dozen assorted Roses for \$7.50.

ROSES—Continued

Radiance. Silvery-flesh to salmon-pink flowers, suffused pink and yellow copper-red. An excellent sort for the garden and a good Autumn flower.

Red Radiance. Wonderful deep red color, large, globular-shaped flowers.

Robin Hood. HT. The blooms are a glorious rosy-scarlet that is at once soft, bright and lasting. Very free bloomer. Vigorous grower.

Souv. de Claudius Pernet (Pernetiana). A beautiful new, sunflower yellow, deepening in center. \$1.50 each.

William R. Smith. T. Soft, silvery white, shading into Peach pink.

Willowmere (Pernetiana). Pink blooms, shaded yellow in center; very fine.

Climbing Roses

Following are ten of the very best and hardiest varieties.

Roses, pot-grown, \$1.00 each, \$9.00 per 10

Roses, field-grown (dry root), 85c. each, \$8.00 per 10

Alberic Barbier. Sulphur-yellow buds, opening to creamy white blooms.

Crimson Rambler. The famous crimson clustered Rambler. Makes shoots 8 to 10 ft. long in a season.

Dorothy Perkins. A beautiful shell-pink; foliage finer, smoother and darker than Crimson Rambler. This is unquestionably the thriftiest, showiest and most practical of the pink Ramblers.

Dr. Van Fleet. One of the newer types of climbers which combines absolute hardiness with flowers as large as a Tea Rose. This variety shows a mass of beautiful clustered buds which open out into large, shapely flowers, delicate flesh white.

Excelsa. Brilliant scarlet crimson flowers.

Gardenia. Beautiful yellow buds, turning white when opening.

Hiawatha. A striking Rose. Bright crimson with yellow center. Single.

Lady Gay. Cherry-pink flowers of good size, toning to lighter pink and soft white as they mature. Produces large clusters of Roses.

Paul's Scarlet Climber. Bright crimson-red flowers. Large. They do not fade, but retain their intense coloring until petals fall.

Silver Moon. Extra large, single flowers of a brilliant silvery white, with heavy yellow stamens.

If you will use the postal card inclosed with this catalog in ordering, we will send you a collection of one dozen assorted Roses for \$7.50.

Gardenia growing over a stone wall

California Privet as grown in our nursery

Hedge Plants and Windbreaks

Hedges serve the purpose of ornament, windbreaks, screen and defense. From the following list one can choose material for any one or all of these purposes. For your convenience we have stated at what distance each variety and size should be planted, thereby enabling you to figure out your requirements.

DECIDUOUS		10	100
BERBERIS thunbergi (Barberry). Good under shade.			
12-18 in. high (15 in. apart).....	\$2.50	\$20.00	
18-24 in. high (18 in. apart).....	3.00	25.00	
2-2½ ft. high (24 in. apart).....	4.00	35.00	
thunbergi nana (Box Barberry).			
8-10 in. high (10 in. apart).....	1.50	12.50	
10-12 in. high (12 in. apart).....	2.00	17.50	
12-18 in. high (15 in. apart).....	2.50	22.50	
DEUTZIA candidissima . Screen.			
2-3 ft. high (18 in. apart).....	5.00	45.00

2-2½ ft. high (24 in. apart).....	25.00	225.00	
2½-3 ft. high (30 in. apart).....	40.00	350.00	

Clematis

Climbing Vines

Following is a list of 14 of the leading varieties of vines for different purposes. Those that cling to smooth perpendicular surfaces by little tendrils or roots we designate as self-climbers.

AMPELOPSIS quinquefolia (Virginia Creeper). Self-climbing. A very useful and handsome climbing shrub of vivid crimson color in Autumn. 50c. each, \$4.00 per 10
veitchii (Boston Ivy). Self-climber, of delicate and graceful habit and most desirable of all for covering buildings.....50c. each, \$4.00 per 10

BIGNONIA radicans (Tecoma). Common trumpet vine. A beautiful native species, with deep scarlet flowers from July to September.....85c. each, \$6.00 per 10

CELASTRUS scandens. Known as staff vine, or bittersweet. A very vigorous grower. Its scarlet fruit, adherent nearly all Winter, is an object of much beauty.

CLEMATIS. Large-flowering.
henryi, white; **jackmani**, purple; **Duchess of Oldenburgh**, double white; **Mme. Ed. Andre**, red.

paniculata. From Japan. Panicles of small, pure white, fragrant flowers borne in great profusion. Very desirable and entirely hardy. Blooms in late Summer.

EUONYMUS radicans variegata. Self-climber. Variegated creeping Euonymus. Very distinctly variegated with white, yellow and pink shades..75c. each, \$6.00 per 10
vegetus. Self-climber. A very handsome, large leaf variety. Conspicuous on account of the orange fruit produced in Autumn.....75c. each, \$6.00 per 10

HEDERA helix (English Ivy). Self-climber. This is well known and its broad, dark, glossy leaves retain their beauty all Winter, if planted on the eastern and northern sides of buildings away from the sun. Good for covering terraces.....50c. each, \$4.00 per 10

LONICERA brachypoda aurea (Japanese Golden Honeysuckle). A golden leaf variety. Quite conspicuous.

halliana (Hall Japanese Honeysuckle). Of robust growth, abundant foliage and good habit. Blooms freely in June and intermittently afterward. Flowers cream yellow and very fragrant. Excellent for terrace covering.

VINCA minor (Myrtle). A familiar evergreen creeper with blue flowers. A splendid ground cover. Does well in the shade. Pot plants.....35c. each, \$3.00 per 10

WISTERIA sinensis. The best Wisteria. Bears large and handsome racemes of light purple flowers in latter May.....\$1.00 each, \$7.50 per 10
sinensis alba. Pure white flowers.\$1.00 each, \$7.50 per 10

Deciduous Flowering Shrubs

Irregular massing is the most picturesque method of shrub planting, and a selection of varieties suitable for every requirement can easily be made from the following extensive list. Each and every one of the shrubs we describe can be seen at our nurseries in bloom in its various flowering season.

When purchasing flowering shrubs for borders, screens or other purposes, one must consider their fast growing nature, some of the species often reaching a width of 5 or 6 feet.

AMYGDALUS (Flowering Almond). (See *Prunus*, page 21).

BUDDLEIA magnifica (Butterflybush). Long spikes of light blue flowers. Butterflies are attracted by their honey-like fragrance. Will sometimes grow as high as 8 ft.
60c. each, \$5.00 per 10

CALLICARPA purpurea (Japanese Beautyberry). Blooms in August. From 3 to 5 ft. high. Flowers pink, followed by violet berries that line the branches after the leaves have fallen.75c. each, \$6.50 per 10

CORNUS alba sibirica (Red-osier Dogwood). A variety with bright red bark. Very decorative in Winter.

2-3 ft.60c. each, \$5.00 per 10

3-4 ft.75c. each, 6.50 per 10

florida (White-flowering Dogwood). This plant, with its abundance of white flowers in Spring, is one of our most beautiful native shrubs.

4-6 ft.\$1.25 each, \$10.00 per 10

6-8 ft.2.50 each, 20.00 per 10

8-10 ft.3.50 each, 30.00 per 10

CRATAEGUS oxyacantha (English Hawthorn). Single white flowers and pretty foliage.

3-4 ft.\$1.00 each, \$9.00 per 10

4-5 ft.1.25 each, 11.00 per 10

pauli (Paul's Scarlet). Double scarlet flowers. The very best of red Hawthorns.

3-4 ft.\$2.50

4-5 ft.3.50

CYDONIA japonica (Flowering Quince). Orange-scarlet flowers in May. Blooms very profusely; excellent for hedging.

1½-2 ft.75c. each, \$6.50 per 10

2-2½ ft.85c. each, 7.50 per 10

2½-3 ft.\$1.00 each, 8.50 per 10

DEUTZIA gracilis (Dwarf Deutzia). An old-fashioned dense shrub, bearing a profusion of single, pure white flowers in May and June. Makes a pretty hedge.

1-1½ ft.65c. each, \$6.00 per 10

1½-2 ft.75c. each, 6.50 per 10

scabra candidissima (Double White Deutzia). A strong grower with upright branches, producing pure white flowers in abundance.

2-3 ft.60c. each, \$5.00 per 10

3-4 ft.70c. each, 6.00 per 10

4-5 ft.80c. each, 7.00 per 10

EUONYMUS alatus (Corkbark). Of dwarf, compact habit. Leaves small, followed by red fruit in Autumn. Beautiful when the foliage turns to a scarlet red.

2-3 ft.75c. each, \$6.50 per 10

3-4 ft.\$1.00 each, 8.50 per 10

FORSYTHIA intermedia (Goldenbell). Slender, erect, sometimes arching branches. Very free flowering.

2-3 ft.65c. each, \$5.00 per 10

3-4 ft.75c. each, 6.50 per 10

FORSYTHIA suspensa (Weeping Goldenbell). Grows more delicate and slender than the preceding and habit is more pendant.

2-3 ft.65c. each, \$5.00 per 10

3-4 ft.75c. each, 6.50 per 10

HYDRANGEA paniculata grandiflora. Commonly known as hardy Hydrangea. This extremely popular variety does not bloom until August and September. The large spikes are first greenish-white, then pure white, later changing to bronze-pink.

2-3 ft.75c. each, \$7.00 per 10

3-4 ft.\$1.00 each, 8.50 per 10

KERRIA japonica flore pleno. Double yellow, rose-shaped flowers.

2-3 ft.....80c. each, \$7.00 per 10
3-4 ft.....\$1.00 each, 8.50 per 10

LIGUSTRUM regelianum. A low-spreading variety, very twiggy, with dense foliage. Because of its hardiness, graceful appearance and adaptability to shady places it is the most widely used Privet for landscape work.

1½-2 ft.....50c. each, \$4.00 per 10
2-2½ ft.....65c. each, 5.00 per 10
2½-3 ft.....75c. each, 6.00 per 10

LONICERA fragrantissima (Fragrant Upright Honeysuckle). White flowers in April. The foliage is very deep green and glossy. Grows well in partial shade, in adverse soil or in cities where tender plants fail. It is nearly evergreen.

2-3 ft.....65c. each, \$6.00 per 10
3-4 ft.....75c. each, 7.00 per 10

tatarica (Tatarian Honeysuckle). This is very attractive in blossom, being one of the few early pink flowering shrubs. Has bright red berries that stay on all Summer. Blooms in May.

2-3 ft.....60c. each, \$5.00 per 10
3-4 ft.....75c. each, 6.50 per 10

MALUS (Flowering Apple). The Flowering Crab-apples are ornamental little trees, totally covered with fragrant flowers in Spring, followed by attractive yellow or orange Autumnal fruit. Ideal for border plantings and as background for the flower garden, as well as for specimen planting. We have ten of the very best varieties. Prices of Flowering Crabs.

1 yr. from grafts under 1 ft....75c. each, \$6.50 per 10
1-2 ft.....\$1.00 each, 8.50 per 10
2-3 ft.....1.25 each, 10.00 per 10
3-4 ft.....1.75 each, 15.00 per 10

PHILADELPHUS grandiflora (Large-flowering Mockorange). A vigorous grower, producing large white flowers in June. Where a tall plant is wanted, there is hardly anything better than this.

2-3 ft.....60c. each, \$5.00 per 10
3-4 ft.....70c. each, 6.00 per 10
4-5 ft.....85c. each, 7.50 per 10

lemoinei. Rather low growing, with erect branches covered with showy white flowers.

1½-2 ft.....60c. each, \$5.00 per 10
2-2½ ft.....75c. each, 6.50 per 10

PRUNUS pissardi (Purple-leaved Plum). A vigorous, upright growing shrub with maroon-red leaves. Attractive from early Spring till late Fall.

3-4 ft.....75c. each, \$6.50 per 10
4-5 ft.....\$1.00 each, 8.50 per 10

trichostyla sinensis (Double Pink-flowering Almond).

2-2½ ft.....\$1.00

persica rubro plena (Double Red-flowering Peach).

3-4 ft.....\$1.00 each, \$9.00 per 10
4-5 ft.....1.50 each, 12.50 per 10

RHUS glabra (Smooth Sumac). Crimson, hairy seeds in Autumn; narrow serrated leaflets, white underneath, turning a beautiful scarlet in Fall. Excellent for color effects.

2-3 ft.....60c. each, \$5.00 per 10
3-4 ft.....75c. each, 6.50 per 10

SAMBUCUS canadensis aurea (Golden Elder). Beautiful yellow foliage.

1½-2 ft.....50c. each, \$4.00 per 10
2-3 ft.....75c. each, 6.50 per 10

SPIRAEA billardi. A tall growing shrub; produces bright pink flowers during July and August.

2-3 ft.....60c. each, \$5.00 per 10
3-4 ft.....75c. each, 6.00 per 10

bumalda, Anthony Waterer. A dwarf grower. Flowers red. Excellent for hedging. Blooms all Summer.

12-15 in.....50c. each, \$4.00 per 10
15-18 in.....60c. each, 5.00 per 10
18-24 in.....75c. each, 6.50 per 10

SPIRAEA—Continued

opulifolia aurea (Goldenleaf Spiraea). Very attractive for its display of beautiful golden yellow foliage. Rapid grower and among one of the tallest shrubs. Creamy white during May and June.

2-3 ft. 50c. each, \$4.50 per 10
 3-4 ft. 60c. each, 5.00 per 10
 4-5 ft. 80c. each, 6.50 per 10

thunbergi. Medium size shrub. Spreading branches; light green foliage; pure white flowers. April and May.

18-24 in. 60c. each, \$5.00 per 10
 2-3 ft. 75c. each, 6.50 per 10

vanhouttei. A tall growing, but graceful, pendulous bush. Undoubtedly the best of Spiraeas. Pure white flowers. Exceptionally fine for hedging.

2-3 ft. 60c. each, \$5.00 per 10
 3-4 ft. 75c. each, 6.50 per 10
 4-5 ft. \$1.00 each, 8.00 per 10

STEPHANANDRA flexuosa. Of great value for its fine cut, lacy foliage, where daintiness is desired. Flowers are creamy white and produced in the greatest profusion.

1½-2 ft. 50c. each, \$4.50 per 10
 2-3 ft. 60c. each, 5.50 per 10
 3-4 ft. 75c. each, 6.50 per 10

SYMPHORICARPOS racemosus (Snowberry). Of medium height; very showy in Autumn and Winter with snow-white fruit in long, recurved racemes. Does well in shade.

1½-2 ft. 50c. each, \$4.50 per 10
 2-3 ft. 60c. each, 5.00 per 10

vulgaris (Coralberry). Vigorous grower. Slender branches, covered with purplish-red fruit until late Winter. Ideal for shady location.

2-3 ft. 60c. each, \$5.00 per 10
 3-4 ft. 75c. each, 6.50 per 10

SYRINGA (Lilac). We grow a fine assortment of varieties including the hybrids (French Lilacs) Common Lilacs and the Persian Lilac. The hybrids vary in color according to variety, from pure white to the richest tones of purple. There are also single and double sorts. They will reach a height of from 6 to 8 ft.

Common Lilacs. Five varieties. 75c. each and up, depending on size and variety.

The Hybrid Lilacs. Twenty varieties from which selection can be made.

Prices of all Hybrid Lilacs:

15-18 in. plants. \$1.00 each
 18-24 in. plants. 1.50 each
 2-2½ ft. 2.00 each

VIBURNUM opulus (Highbush Cranberry). Medium height, upright bush. Fruit scarlet in Midsummer until late Fall.

2-3 ft. 65c. each, \$6.00 per 10
 3-4 ft. 75c. each, 7.00 per 10

opulus nana. A very dwarf snowball, seldom growing more than 12 in. high. Compact, fine for edging and bordering. Flowers 1½ to 2 in. across.

8-12 in. 50c. each, \$4.00 per 10
 12-15 in. 60c. each, 5.00 per 10

opulus sterile (Common Snowball). Medium height, upright, showy white flowers in large clusters.

2-3 ft. 65c. each, \$6.00 per 10
 3-4 ft. 75c. each, 7.00 per 10

WEIGELA candida. An attractive, tall growing Weigela. Produces pure white flowers in May. Quite conspicuous.

2-3 ft. 60c. each, \$5.00 per 10
 3-4 ft. 75c. each, 6.50 per 10

Eva Rathke. Very free bloomer. Flowers bright red. This shrub is rather slow growing and of a dwarf habit.

2-2½ ft. 85c. each, \$7.50 per 10
 2½-3 ft. \$1.00 each, 9.00 per 10

nana variegata. Pink flowers in June. Leaves variegated with white.

2-2½ ft. 75c. each, \$6.50 per 10
 2½-3 ft. 85c. each, 7.50 per 10

rosea. A handsome, rose-colored Weigela. Vigorous grower, very free flowering.

2-3 ft. 60c. each, \$5.00 per 10
 3-4 ft. 75c. each, 6.50 per 10

Attractive Planting of Flowering Shrubs

Old-fashioned Flowers, Hardy Perennial Plants

It is no wonder that these old-fashioned hardy flowers continue to increase in popularity, for there is not a time during the whole flowering season when some hardy perennial is not in bloom, and when, during the late Summer, few flowering shrubs are in blossom, these little plants may be depended upon for an attractive display. Planted in the shrubbery border or in beds alone, judiciously arranged, they will afford great satisfaction at much less cost than can be obtained by plants from the greenhouses that must be replaced annually.

A suitable selection made readily from this conveniently arranged list will give a constant succession of bloom, from early Summer until late Autumn, and increase in size and beauty from year to year.

In order to obtain the best results from your perennial garden or border, cover the plants or rather entire beds in the Fall with leaves or well decayed manure about 4 inches deep. This will prevent the plants from freezing out. Figures after specific names indicate approximate height of the plants when in flower, which enables you to place and arrange the plants properly.

Price: 25c. each, \$2.00 per 10, \$18.00 per 100, except where otherwise noted

Alphabetical List of Perennials

Botanical Name	Common Name	Color
<i>Achillea ptarmica</i>	Double Sneezewort	White
<i>Aconitum napellus</i>	Monkshood	Purple

Bedding Plants

Our greenhouse department grows an extensive assortment of bedding plants for use in flower beds, borders, window boxes, etc. These plants are especially suitable for those places where immediate effect is desired. In fact most of this stock is in bloom when set out, about May 15th. Its bright colors are very attractive and help bring about the real Spring spirit. Among the varieties we grow annually are:

AGERATUM (Dustymiller). 20c. each, \$2.40 per doz.

BEGONIAS. In different varieties. 25c. to \$1.00 each.

CANNAS. Different colors and heights. 25c. each, \$3.00 per doz.

CUPHEAS (Fire Crackers). 20c. each, \$2.40 per doz.

CENTAUREA cyanus (Cornflower). 25c. each, \$3.00 per doz.

COLEUS. In different colors. \$1.00 per doz.

FUCHSIAS. In varieties. 35c. to 50c. each.

GERANIUM. In various colors. \$3.00 to \$4.00 per doz.

HELIOTROPE. Very fragrant. 25c. each.

IVY, English. Dark green foliage 25c. to 75c. each.

LANTANAS. 35c. each.

PETUNIAS. Double, in various colors. 25c. each.

SALVIA splendens. \$1.00 per doz.

VINCA major variegata. For window boxes. 25c. to 50c. each.

ANNUALS IN SEASON. 50c. per doz.

Fertilizer for Flower and Vegetable Garden

If one expects to draw money from the bank one will first have to deposit money therein. The same applies to the soil. In order to grow vegetation we must first deposit such elements in the earth as will make results probable. Good sheep manure is probably the most convenient and suitable of all manures to apply. It comes in a dry, pulverized form which makes handling easy. As in all manufactured goods, there are many imitations of sheep manure. We have ours tested before acceptance of shipment, as to the composition, and dare say that we handle the genuine material. Try some. It is inexpensive, and the results will amaze you. Nothing better for the lawn. If, in the Spring, you use a reasonable amount of this, you can be assured of a good, velvety lawn all Summer 1 bag of 100 lbs. \$3.50; in lots of not less than 10 bags of 100 lbs. \$3.00 each

LAWN SEED

There are grass seeds sold which are good, some which are not so good, and some which are no good. Usually one has to pay a reasonable price for the real good seed, but that in the end is economy in seed bought and in satisfaction secured. Our seed is the very best that can be obtained. The price is dependent on the market at the time of purchase.

Fruit Department

APPLES

By planting judicious selections of Summer, Autumn and Winter sorts, a constant succession can be easily obtained of this indispensable fruit for family use. 5 to 6 feet high, $\frac{1}{2}$ to 1 inch caliper. \$1.50 to \$3.00 each.

CRAB-APPLES

As an ornamental fruit and for jellies, preserving, etc., the Crab-apple is unequaled. All are hardy and prolific, come into bearing when young, and command a ready and profitable market. 4 to 5 ft. $\frac{1}{2}$ to 1 in. caliper, \$1.50 to \$2.50 each.

CHERRIES

This tree requires a dry soil and is very hardy. Its glossy leaves combined with its fine form makes it suitable for shade tree as well. 5 to 6 ft. high, $\frac{1}{2}$ to 1 inch caliper. \$2.00 to \$3.50 each.

PEACHES

The Peach tree requires a moderately rich soil, well drained. A warm, sandy loam is best. To get the best of results Peach trees must be pruned properly and constantly. Examine the trees carefully and extract and destroy the borer. 3 to 4 feet high, $\frac{1}{2}$ to 1 inch caliper. 50c. to \$1.00 each.

Belle of Georgia. August and September. Creamy white.

Carman. August. Large, bright red cheek, white flesh.

Elberta. Early September. Very large yellow.

Iron Mountain. October. Flesh white.

J. H. Hale. Mid-September. Large yellow freestone. Of excellent quality. An improvement over Elberta. Wonderful color, delicious flavor.

PEARS

It is well to remember that all varieties of Pears are much better when picked a short time before they are ripe and matured in a cool, dark room. 5 to 6 feet high, $\frac{1}{2}$ to 1 inch caliper. \$1.50 to \$2.50 each.

PLUMS IN VARIETIES

\$1.50 to \$2.50 each

QUINCES IN VARIETIES

3 to 4 feet high, \$1.50 to \$2.00 each.

STRAWBERRY PLANTS

Dry root plants. 35c. per 10, \$3.00 per 100.

Pot plants. \$1.00 per 10, \$6.00 per 100.

ASPARAGUS

1-yr.-old roots \$1.00 per 100; 2-yr.-old roots, \$2.00 per 100.

RHUBARB

Strong roots. 25c. each, \$2.00 per 10.

BLACKBERRIES

In varieties. \$1.50 per 10 \$12.00 per 100.

CURRENTS IN VARIETIES

Black and red. 35c. each, \$3.00 per 10.

GRAPE VINES IN VARIETIES

1-yr.-old, 25c.; 2-yr.-old 50c. 3-yr.-old, \$1.00 each

GOOSEBERRIES IN VARIETIES

35c. each, \$3.00 per 10

RASPBERRIES IN VARIETIES

\$1.25 per 10, \$10.00 per 100

An Avenue Planted with Sugar or Rock Maples

Deciduous Ornamental and Shade Trees

We call your attention to the supply of very fine Norway Maples and Sugar Maples which we are listing below. If you will use the postal card enclosed with this catalog before May 15, 1927, you may secure these ideal shade trees at a special price.

ACER

Platanoides (Norway Maple). A splendid shade tree. Foliage dark, shining green, five-lobed and nearly 7 in. across, changing to pale yellow in Fall. Recognized as unsurpassed both for lawn and street planting

10-12 ft., 1¼-1½ in. cal.	\$5.00 each
10-12 ft., 1½-1¾ in. cal.	7.50 each
12-14 ft., 1¾-2 in. cal.	10.00 each
14-16 ft., 2-2½ in. cal.	15.00 each
16-18 ft., 3½-4 in. cal., bushy top.	25.00 each
16-18 ft., 4½ in. cal., bushy top.	35.00 each
16-18 ft., 5-5½ in. cal., bushy top.	50.00 each
Some running 20 to 25 ft. high and 6-6½ in. in caliper, \$75.00 to \$100.00 each.	

Saccharum (Sugar or Rock Maple). A vigorous grower and more or less of pyramidal form. The coloring is magnificent during the Fall. Extensively used for street planting.

12-15 ft., 2-2½ in. cal.	\$7.50 each
14-16 ft., 2½-3 in. cal.	12.50 each
15-17 ft., 3-3½ in. cal.	15.00 each
16-18 ft., 3½-4 in. cal.	25.00 each
16-18 ft., 4-5 in. cal.	35.00 each

Rubrum (Red or Scarlet Maple). Large tree; five-lobed leaves, green above, pale or glaucous below, turning to bright scarlet in Autumn; flowers red, fruit red. Very valuable tree for moist situation.

8-10 ft., 1¼-1½ in. cal.	\$3.50 each
10-12 ft., 1½-1¾ in. cal.	4.50 each
10-12 ft., 1¾-2 in. cal.	6.50 each
10-12 ft., 2-2½ in. cal.	10.00 each

AESCULUS. *The Horsechestnut*

Hippocastanum (European White-flowering Horsechestnut). Flowers white, tinged with red, in showy panicles. Has large, attractive seeds in the Fall. Blooms in May.

8-10 ft., 1½-2 in. cal.	\$7.50 each
10-12 ft., 2-2½ in. cal.	10.00 each
12-14 ft., 2½-3 in. cal.	15.00 each
14-16 ft., 3-4 in. cal.	25.00 each

BETULA. Birch Tree

Populifolia (American White Birch). Smooth white bark, branches inclined to droop. A very useful tree.

4- 6 ft.....	\$1.50 each
6- 8 ft., 1 in. cal.....	2.00 each
8-10 ft.....	3.50 each
10-12 ft.....	5.00 each

CATALPA

Bungei (Umbrella Tree). This tree needs no introduction as everybody is well acquainted with the species.

Stems, 4½-6 ft. high, heads 15-18 in. across...	\$2.50 each
Stems, 4½-6 ft. high, heads 18-24 in. across...	3.50 each

CORNUS. The Dogwoods

Florida (White-flowering Dogwood). This plant, with its abundance of white flowers in the Spring is probably one of our most beautiful native shrubs.

6- 8 ft.....	\$2.50 each, \$20.00 per 10
8-10 ft.....	3.50 each, 30.00 per 10
10-12 ft.....	5.00 each, 45.00 per 10

FAGUS. Beeches

Sylvatica purpurea riversi (River's Purple Beech). A medium-sized tree of pyramidal form, foliage rich dark purple.

4-5 ft.....	\$7.50 each
5-6 ft.....	10.00 each

MORUS. Mulberry

Alba pendula (Weeping Mulberry). Round head with long, thin branches often touching the ground.

4-6 ft. stem, 1-yr.-head.....	\$2.50 each, \$22.50 per 10
4-6 ft. stem, 2-yr. head.....	3.50 each, 32.50 per 10

POPULUS. Poplar

Nigra italica (fastigiata) (Lombardy Poplar). A favorite tree where striking pyramidal masses are required. A very picturesque and ornamental tree. Used extensively for general landscape effects and where dense screening is necessary.

6- 8 ft.....	\$1.00 each
8-10 ft.....	1.25 each
10-12 ft.....	1.75 each
12-16 ft.....	2.50 each

SALIX. The Willow

Babylonica (Common Weeping Willow). Wavy, bright foliage, borne on very slender, pendant branches. One of the original Weeping Willows.

8-10 ft.....	\$2.00 each, \$17.50 per 10
10-12 ft.....	3.00 each, 27.50 per 10

SORBUS. The Ash

Americana (American Mountain Ash) (Dogberry). Bold handsome tree; leaflets are narrow and sharply toothed; large, bright red berries.

6- 8 ft.....	\$3.50 each
8-10 ft.....	5.00 each

TILIA. The Linden

HEALTHFUL, CONVENIENT, PROGRESSIVE AND
NEIGHBORLY

*A place for that bulwark of our Nation "The
American Family."*

LISTEN: OUR TOWN

Is 420 feet above sea level, the highest site in Jersey within commuting distance of New York, and is famed for its healthfulness.

Is only 15 miles from the approach to the new Hudson River Bridge.

Has 22 passenger trains each day out of our station.

Has a beautiful new, fireproof school and the best teaching staff to be had.

Has a National Bank which occupies its own fine, new bank building near the railroad station.

Has one of the oldest and soundest Building Loan Associations in Jersey.

Has 30 business houses carrying everything your family needs for its welfare.

Has ponds and space where your children can enjoy all the pleasures of outdoor life summer and winter.

Has three churches to look after its religious welfare.

Has a public library which is well equipped with a substantial number of good books.

Has a fire company which provides protection.

Has an organized police force which has little to do except regulate traffic, because we are a law abiding community.

Has many associations working for the welfare of our people, to membership in which you would be cordially welcomed.

An ideal community for nice people. If you are nice people looking for a nice home community, drive out and see us, or if you want any further information, communicate with
